Debtor shall reimburse the Bank on demand for any payments so made, plus interest thereon at a rate determined by and acceptable to the Bank from the date of such payment. Any such payments by the Bank shall be a fixed indebtedness of Debtor to the Bank, secured by the Collateral even if such payments cause the total outstanding indebtedness of Debtor to exceed Debtor's loan limit; (i) Debtor shall not incur or permit to be outstanding any indebtedness for borrowed money except (i) indebtedness to the Bank, (ii) current obligations incurred in the ordinary course of business and (iii) other indebtedness for which the Bank has given or may in the future give its express consent; (j) Debtor shall not pledge, mortgage or otherwise encumber, or create or permit a security interest to exist in, any of the Collateral or any other asset of the Debtor, to or in favor of anyone other than the Bank, and shall keep the Collateral in good condition and repair; (k) except for temporary processing or storage, all Collateral, including without limitation inventory, shall be kept at Debtor's address or addresses listed on the first page of this Agreement or at such other location as shall be satisfactory to the Bank; (l) report to Bank any change in the location of any portion of the Collateral; (m) if Debtor is a partnership or corporation it shall not change its name, the name under which it is doing business or corporate structure without providing prior notice thereof to the Bank; (n) A carbon, photographic, or other reproduction of this Security Agreement, or any Financing Statement executed in connection herewith, is sufficient as a Financing Statement and may be filed or recorded as such in any office where a Financing Statement on the collateral described herein may be filed; (o) Debtor hereby expressly grants Secured Party a power of attorney, and appoints and constitutes Secured Party as Debtor's agent, for the purpose and with the power to sign on behalf of Debtor and in Debtor's name, one or more Financing Statements covering any of the collateral described herein and (p) these covenants are hereby supplemented by those set forth in the Loan Agreement, if executed and delivered in connection herewith.
9. COLLECTION OF ACCOUNTS: Until revocation of this authority Debtor, as agent of the Bank and at the expense of Debtor: (a) shall endeavor to collect all amounts due and owing on the Accounts, including the taking of such action to repossess goods, impose liens or enforce payment as the Bank or Debtor may deem proper; (b) shall receive in trust for the account of the Bank such goods as may be returned or rejected by or repossessed from Account debtors, and hold such goods and the proceeds thereof separate as the Bank's property, without commingling them with Debtor's property, and remit promptly any proceeds of sale or lease of such goods in the manner described in paragraph 10 below, and (c) may in the ordinary course of business grant to Account debtors any rebate, refund or allowance to which they are entitled provided that Debtor shall not compromise any claims after the occurrence of an Event of Default or an event which with the giving of notice, the passage of time or failure to cure would become an Event of Default.
10. PAYMENTS OF PROCEEDS TO BANK: (a) Debtor shall receive all payments with respect to the Collateral in trust for the Bank, without commingling them with any other funds or property of Debtor, and upon the occurrence of an Event of Default (until such authority is revoked or different instructions are given by the Bank) shall immediately deliver them to the Bank in the exact form received, bearing Debtor's full-recourse endorsement or assignment when necessary, for application to the Obligations in any order of priority determined by the Bank. Debtor shall have the liability of a general endorser with respect to such payments and hereby waives presentment, notice of dishonor, protest, demand and all other notices with respect thereto, whether or not Debtor endorses the instruments or other evidences of payment and regardless of the form of payment or of Debtor's endorsement or assignment thereon. (b) At the election of the Bank, which may be indicated on an addendum, all payments described in the preceding subparagraph (a) shall be deposited in a separate bank account maintained by the Bank (the "Pledge Account"), from which Debtor shall have no right to withdraw funds and from which Debtor agrees to make available funds to the Bank if the Bank specifically requests same for payment of the Obligations. All instruments evidencing payments shall be deposited in the Pledge Account subject to final payment, and all deposits therein shall be held as security for the Obligations. From time to time in its discretion the Bank may apply all or any of the balance in the Pledge Account to payment of the Obligations in any order of priority determined by the Bank. Additionally, the Bank in its discretion may release all or any of the balance in the Pledge Account or Debtor.
11. RIGHTS OF THE BANK: (a) The Bank shall be deemed to have exercised reasonable care in the custody and preservation of the Collateral if it takes such action for that purpose as Debtor shall request, but failure to honor any such request shall not of itself be deemed a failure to exercise reasonable care. The Bank shall not be required to take any steps necessary to preserve any rights in the Collateral against parties claiming an interest in the property prior in right to the Bank's interest nor to protect, preserve or maintain any security interest given to secure any of the Collateral. (b) Debtor hereby irrevocably appoints the Bank as the attorney of the Debtor, with full powers of substitution and at the cost and expense of Debtor, to exercise any of the following powers with respect to any of the Accounts: (i) demand, sue for, collect and give receipts for any payments due thereon or by virtue thereof; (ii) receive, take, endorse, assign and deliver chattel paper, documents, instruments and all other property taken or received by the Bank in connection therewith including the right to Bank to open mail of the Debtor to obtain checks, instruments and other payments made on accounts; (iii) settle, compromise, compound, prosecute or defend any action or proceeding with respect thereto; (iv) sell, transfer, assign or otherwise deal therein or therewith as fully and effectually as if the Bank were the absolute owner thereof, and (v) extend the time of payment thereof and make allowances and other adjustments with reference thereto. In exercising any power herein granted the Bank may act in its name or the name of Debtor. (c) The Bank shall be under no duty to exercise or to withhold the exercise of any of the rights, powers, privileges and options expressly or implicitly granted to the Bank in this Agreement, and shall not be responsible for any failure to do so or delay in so doing.
12. EVENTS OF DEFAULT: Debtor shall be in default under this Agreement upon the happening of any of the following events or conditions ("Events of Default"): (a) default in the due payment, performance or observance of any of the Obligations unless cured within any applicable grace period; (b) any warranty, representation or statement of Debtor in this Agreement, or otherwise made or furnished to the Bank or on behalf of Debtor, proves to have

been false in any material respect when made or furnished; (c) any event which results in the acceleration of the maturity of the obligations indebtedness of Debtor to the Bank or indebtedness to any other person under any security or loan agreement, indenture, note or other undertaking; (d) loss, theft or destruction of or substantial damage to any of the Collateral or the seizure or taking of any of the Collateral by any government or similar authority, or the issuance of a writ, order of attachment or garnishment with respect thereto; (e) death, dissolution, insolvency (however expressed or indicated), termination of existence of, appointment of a receiver of any part of the property of, assignment for the benefits of creditors by, or the commencement of any proceeding under any bankruptcy, reorganization, arrangement, insolvency or other law relating to the relief of debtors by or against, Debtor or any guarantor or surety for Debtor under any of the Obligations, or (f) good faith belief by the Bank that the Obligations are inadequately secured or that the prospect of payment, performance or observance of any of the Obligations is impaired. If the security interest created by this Agreement is given to secure the Obligations of a person other than Debtor, an additional Event of Default shall be the happening of any of the above events or conditions to, by or with respect to such other person.

13. REMEDIES: (a) Upon the occurrence of any Event of Default, the Bank may, without notice or demand, declare any of the Obligations immediately due and payable and this Agreement in default, and thereafter the Bank shall, inter alia, have the remedies of a secured party under the Uniform Commercial Code as then in effect in Colorado, including without limitation the right (i) to take possession of any of the Collateral not then in its possession and (ii) to have Debtor assemble such Collateral and make it available to the Bank at a place to be designated by the Bank which is reasonably convenient to both parties. To take possession the Bank may enter upon any premises and remove the Collateral therefrom. If notice is required by law, five days prior to notice of the time and place of any public sale or of the time after which any private sale or any other intended disposition thereof is to be made shall be deemed reasonable notice to Debtor. No such notice is necessary if the Collateral is perishable, threatens to decline speedily in value, or is of a type customarily sold on a recognized market. Proceeds of any sale or other disposition of the Collateral may be applied to the Obligations in any order of priority. Debtor hereby waives (to the extent permitted by law) any right to a hearing prior to issuance of a court order for replevin of the Collateral. (b) If the Bank in good faith believes that the Securities Act of 1933 or any other state or federal law prohibits or restricts the customary manner of sale or distribution of any of the Collateral, the Bank may sell such Collateral privately or in any other manner deemed advisable by the Bank at such price or prices as the Bank determines in its sole discretion. Debtor recognizes that such prohibition or restriction may cause the Collateral to have less value than it otherwise would have and that, consequently, such sale or disposition by the Bank may result in a lower sales price than if the sale were otherwise conducted. (c) As a supplemental or additional remedy, the Bank shall also be entitled, without notice or demand and to the extent permitted by law, (i) to hold, use, operate, manage and control all or any part of the Collateral; (ii) to demand, collect and retain all earnings, proceeds and other sums due to be become due with respect to the Collateral, accounting only for the net earnings arising from such use and charging against receipts from such use all other costs, expenses, charges, damage or loss by reason of such use, and (iv) to exercise or continue to exercise all of the rights granted to the Bank in paragraph 11. Notwithstanding the foregoing, the Bank shall also be entitled, without notice or demand and to the extent permitted by law, to have a receiver appointed to take charge of all or any part of the Collateral, exercising all of the rights granted to the Bank in this paragraph. (d) Debtor shall pay to the Bank all costs and expenses (including reasonable attorneys' fees and legal expenses) of or incidental to retaking, holding, preparing for sale, selling and the like, and in otherwise enforcing any term or condition of this Agreement. All such costs and expenses shall be an obligation of Debtor to the Bank pursuant to Section 4 (b) hereof, secured by the Collateral.
14. GENERAL: (a) No default shall be waived by the Bank except in writing and no waiver of any payment or other right under this Agreement shall operate as a waiver of any other payments or right. (b) Without affecting any obligations of Debtor under this Agreement without notice or demand, the Bank may renew, extend, or otherwise change the terms and conditions of any of the Obligations, take or release any other Collateral as security for any of the Obligations, and add or release any guarantor, endorser, surety or other party to any of the Obligations. (c) The Bank may assign, transfer or deliver any of the Collateral to any transferee of any of the Obligations, and thereafter shall be fully discharged from all responsibility with respect to such Collateral, but the Bank shall retain all powers and rights hereunder with respect to any of the Collateral remaining. (d) This Agreement may be terminated by either party upon ten days prior written notice to the other but such termination shall be effective only as to new Obligations of Debtor subsequently incurred; as to transactions entered into, rights or interests created or Obligations created or arising (and refinancings, renewals, modifications, amendments and extensions thereof, if any), prior to such termination, this Agreement shall remain fully effective as if such termination had not occurred. (e) Any consent of the Bank and any notice or other communication from Debtor required or contemplated by this Agreement shall be in writing. Any written notice intended for Debtor shall be deemed given if mailed, postage prepaid to Debtor at the address given on the first page of this Agreement or at such other address given by notice as herein provided. If intended for the Bank notice shall be deemed given only if actually received by the Bank. (f) If there is more than one Debtor, all of the terms and conditions of this Agreement shall apply to each and every one of them. Delivery by the Bank to any Debtor of any of the Collateral shall discharge the Bank from any further liability or responsibility therefor. (g) This Agreement shall be construed under and governed by the substantive laws of Colorado without reference to choice of law rules, including Colorado's and Debtor hereby consents to personal jurisdiction in and agrees that any litigation in any way related to this Agreement shall be brought and prosecuted in a court of competent jurisdiction sitting in the City and County of Denver and no where else. (h) Except as modified by this Agreement and unless the context otherwise requires, all terms used herein which are defined in the Uniform Commercial Code as in effect in Colorado shall have the meanings therein stated. (i) All of the rights of the Bank under this Agreement shall be cumulative and shall inure to the benefit of its successors and assigns. All obligations of Debtor hereunder shall be binding upon the heirs, legal representatives, successors and assigns of Debtor.
15. OTHER OBLIGATIONS OF DEBTOR: The Debtor expressly intends that the grant of this security interest shall remain as security for payment and performance of all debts and obligations owing by it, whether now existing, or which may hereinafter be incurred by future advances, or otherwise; whether or not such obligations are related to the transaction described in any loan agreement or contemplated by the parties at the time of the granting of this security interest. This continuing grant shall not be required to be stated on the face of any document representing any obligation or debt, nor otherwise identify it as being secured hereby. If such debt or obligation shall remain, or become an obligation or debt of less than all of the debtors herein, any debtor not liable therefor hereby expressly hypothecates his, her, its or their ownership interest in the collateral to the extent required to satisfy said debt or obligation without restriction or limitation. Any such debt or obligation shall be deemed to have been made pursuant to C.R.S. 4-9-204 (3), being Section 9-204(3) of the Uniform Commercial Code.

TRACKAGE RIGHTS AGREEMENT

This Trackage Rights Agreement ("Agreement") is made and entered into this 29th day of April, 1992 by and between CBEC Railway Inc., an Iowa corporation ("Grantor") and The Great Western Railway Company of Iowa, Inc., a Colorado corporation ("Grantee").

RECITALS

A. Grantor has acquired ownership from Grantee of the railroad right-of-way described on Exhibit A attached hereto, together with the improvements located thereon, including railroad tracks, signals and switches (collectively, the "Property"), pursuant to the terms of an Agreement for Sale and Purchase of Railroad Right-Of-Way dated April 29, 1992 (the "Purchase Agreement").

B. Pursuant to the terms of the Purchase Agreement and this Trackage Rights Agreement, Grantor has agreed to grant to Grantee certain sole and exclusive rights to use a designated portion of the Property on the terms and subject to the conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein and in the Purchase Agreement, the receipt and sufficiency of which are hereby acknowledged, Grantor and Grantee agree as follows:

1. Grantor hereby grants to Grantee the right to use a portion of the Property as described in paragraph 2 (the

"Railroad Property") on the terms and subject to the conditions hereinafter set forth for the purpose of conducting Grantee's railroad operations.

2. For the purposes of this Agreement, the "Railroad Property" shall mean the portion of the Property beginning at the eastern boundary of the Union Pacific Rail Yard and extending along the Property to the Property crossing at the western bank of Mosquito Creek, shown as Bridge 1309 on the project prints, which is also the location of the Property crossing of the south line of SW1/4, NE1/4, Section 7, T74NR43W, Pottawattamie County, Iowa.

These rights are granted solely and exclusively to the Grantee for the purpose of serving existing and future customers that are located on or will locate on the trackage within the boundaries described above. These rights will not interfere with the Grantor's right to use the property as described in paragraph 6 of this Agreement. Any rights to serve customers on trackage of Grantor beyond these boundaries are reserved by Grantor.

3. This Agreement shall have a perpetual term unless otherwise terminated under the terms of paragraph 12 below. The term shall consist of an Exclusive Term and a Nonexclusive Term. The Exclusive Term shall commence on the date hereof and shall terminate at such time as reconstruction of the railroad line is completed as provided for in paragraph 9 of the Purchase Agreement. For this purpose, reconstruction of the railroad line

shall be deemed completed at such time as Grantor has satisfied all of its obligations under paragraph 9 of the Purchase Agreement and has commenced operations of trains on the Railroad Property. The Nonexclusive Term shall commence at the expiration of the Exclusive Term and shall continue as long as Grantor uses the Railroad Property for operation of trains. At such time as Grantor subsequently ceases using the Railroad Property for operation of trains, the Exclusive Term shall be reinstated and shall continue until such time as Grantor again commences operation of trains on the Railroad Property.

4. During the Exclusive Term, Grantee shall have the obligations under this paragraph and shall not pay any fee to Grantor for the trackage rights granted hereunder. During the Exclusive Term, Grantee shall have the sole and exclusive right to operate on the Railroad Property and to grant to others the right to conduct railroad operations thereon during the Exclusive Term and shall, at Grantee's cost and expense, repair and maintain the Railroad Property (including regular maintenance of crossings and signals) in good operating condition suitable for Grantee's use (and, if the Exclusive Term is reinstated following reconstruction of the railroad line, in substantially the same condition as when the Exclusive Term is reinstated) and in compliance with all applicable laws, rules and regulations. Grantee shall also pay all real property taxes on the Railroad Property during the Exclusive Term.

5. Grantor shall be responsible at all times for the construction and replacement of all street and highway crossings, including tracks and ties at such locations, and for the replacement or installation of crossing signals which crossings and signals are either necessary and required by governmental authorities or which should be replaced or installed by a prudent operator from time to time (the "Street Crossing Obligations"). If Grantor and Grantee disagree regarding whether a Street Crossing Obligation exists, either party may require the disagreement to be settled by arbitration as provided in paragraph 13 hereof. Such work shall be performed by Grantor in accordance with applicable laws and regulations. Grantor's work in connection with street crossings shall be coordinated with Grantee and Grantee shall be advised of the plans and reconstruction timetable for all such work. Grantee shall give written notice to Grantor of all Street Crossing Obligations and of the availability, if any, of funds from federal, state or local governments therefor. If Street Crossing Obligations are required as provided above, within 45 days after receipt of Grantee's notice, Grantor shall prepare and submit a construction budget for satisfaction of the Street Crossing Obligations. Grantee shall have the reasonable right of review of all Street Crossing Obligations and shall reimburse Grantor for 10 percent (10%) of the net cost (after any third party funds are applied) thereof promptly upon receipt of appropriate documentation reflecting the expenditures for the Street Crossing

Obligations. If Grantee disagrees with the budget proposed by the Grantor for the work to be done, the Grantee shall have the right within 30 days after receipt of Grantor's budget to submit an alternate proposal to the Grantor. Such alternate proposal must be in conformance with all current rules and regulations. If the Grantor decides not to accept Grantee's proposal, Grantee's portion of the reconstruction expense will be limited to the amount Grantee would have paid under Grantee's proposal.

6. During the Nonexclusive Term, Grantor shall have a first and prior right over Grantee to use the Railroad Property for the passage of trains to serve Grantor's purposes, not to include rail service to customers of Grantee located on the portion of the Railroad Property identified in paragraph 2 above. During the Nonexclusive Term, Grantee shall provide Grantor the following services:

(a) Grantee shall insure that trains of Grantor shall have first and prior right over Grantee to use the railroad property, including but not limited to proper set of the switches and clearance of the track for Grantor's trains during normal business hours to permit uninterrupted operation;

(b) Grantee shall set all switches at the close of business hours to permit Grantor's trains uninterrupted access to Grantor's property after business hours and shall otherwise insure that Grantor's trains have uninterrupted access to Grantor's property after normal business hours (this shall not relieve Grantor or other entity operating on the Railroad

Property from exercising normal care in the operation over Grantor's line).

7.- During the Nonexclusive Term, Grantee shall pay Grantor a fee of \$0.05 per net loaded ton transported by Grantee to or from customers in Grantee's area of service over the Railroad Property for loaded cars and \$100 total for each locomotive transported in and out on the Railroad Property for the purpose of repair or storage by Grantee, or Grantee's customers. The foregoing fees shall be subject to adjustment as provided in paragraph 14 below. Grantee shall pay the fee to Grantor no later than the 15th day of each April, July, October and January for the immediately preceding calendar quarter. At the time of each payment, Grantee shall provide Grantor with an accounting (certified by an officer of Grantee) of tonnage and locomotives transported by Grantee on the Railroad Property during such calendar quarter. Grantor shall have a right to review appropriate records maintained by Grantee at reasonable times during normal business hours to certify the accuracy of Grantee's fee payment.

8. During the Nonexclusive Term, Grantor shall be responsible for all repairs and maintenance of the Railroad Property (except for switches, diamonds and tracks installed solely for Grantee's use either by Grantee or as required under paragraph 9 of the Purchase Agreement which shall be repaired and maintained by Grantee) and shall maintain the Railroad Property in good operating condition at a level sufficient for Grantee to

conduct its railroad operations thereon and in compliance with all applicable laws, rules and regulations.

9.- Grantor and Grantee shall each maintain general liability insurance relating to their own operations on the Railroad Property naming the other party as an additional named insured in an amount not less than \$5,000,000 per occurrence. Grantee shall be liable for all damage to persons or property which is caused by Grantee's failure to properly repair or maintain the Railroad Property during the Exclusive Term and shall also be liable for all damages to persons or property which is caused by Grantee's operations on the Railroad Property or Grantee's negligence or willful misconduct or breach of this Agreement. Grantor shall be liable for all damage to persons or property which is caused by Grantor's failure to properly repair or maintain the Railroad Property during the Nonexclusive Term and shall also be liable for all damages to persons or property which is caused by Grantor's operations on the Railroad Property or Grantor's negligence or willful misconduct or breach of this Agreement. Grantor shall require any other person or entity granted trackage rights on the Railroad Property to maintain the same insurance coverage and assume the same liability for its own operations on the Railroad Property.

10. In the event of any suit being brought against either party hereto for which the other party may be held liable, the party against whom such suit is brought shall at once give the other party notice in writing thereof in order that the other

party may make such defense as it may deem proper, and in such case the party that is liable as herein provided shall pay all attorneys' fees, costs and expenses incurred in defending such suit, as well as damages that may be recovered therein.

11. In the event that either party shall default in its obligations hereunder, the other party, following 30 days' written notice to the defaulting party, shall have the right to cure such default, in which event the amounts expended by the non-defaulting party in connection with such cure shall be due and payable upon demand. In addition, any amounts not paid when due hereunder shall bear interest at the rate of 12% per annum.

12. Grantee shall have the right to terminate its rights and obligations under this Agreement upon 90 days prior written notice to Grantor. Grantor shall have the right to terminate Grantee's rights under this Agreement effective 90 days after written notice from Grantor following a determination by an arbitrator as provided for in paragraph 13 below that Grantee has defaulted in its obligations under this Agreement unless such default is cured within such 90-day period, in which event, such notice of termination shall be void. For this purpose, Grantee (or its successor or assigns) shall be in default if it ceases to do business for a period of six (6) consecutive months.

13. In case any question arises under this Agreement or concerning the subject matter hereof, such questions shall be settled by an arbitration before a panel of three arbitrators in Council Bluffs, Iowa, under the rules of the American Arbitration

Association. The costs of arbitration, including the legal fees and costs of the prevailing party, shall be borne by the losing party in the arbitration. The decision of the arbitrators shall be final and not appealable.

14. The payments described in paragraph 7 hereof shall be subject to the same percentage adjustment on the first day of January of every third year following the commencement of the Nonexclusive Term as the percentage increase or decrease in the Consumer Price Index for all Urban Consumers (All Items - Unadjusted Indexes) as published by the U. S. Department of Labor, Bureau of Labor Statistics (CPI-U) from the date of implementation of this adjustment (the commencement of the Nonexclusive Term) to October of the year prior to the date on which the adjustment is being made. The initial base CPI-U shall equal the CPI-U index for the month corresponding to the commencement of the Nonexclusive Term. In no event shall the adjustment for any three-year period exceed 15 percent. If publication of the Consumer Price Index is discontinued, or substantially altered from its present form, the parties hereto shall thereafter adopt a replacement Index published by an agency of the United States or by a responsible financial periodical or recognized authority to be agreed upon by the parties hereto, or if the parties cannot agree, by arbitration.

15. This Agreement and the rights hereunder shall be a burden upon the Railroad Property and shall inure to the benefit of Grantee and its successors and assigns. Grantee shall give

written notice to Grantor of any assignment of its rights hereunder.

16. This Agreement shall be governed by the laws of the State of Iowa.

17. All notice hereunder shall be in writing and shall be deemed given when hand delivered to a party or mailed by certified mail, return receipt requested to each party at the following address or at such other address as either party shall specify by written notice as provided herein:
